Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Monday 11 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain, heavy in west, turning to snow, clearing early evening.

Today:
Cloudy with further rain, heavy at times in west. Rain will turn to snow over parts of north and east Highland before clearing southwards later. Colder weather following leading to an icy evening. Maximum temperature 6 deg C (43 deg F).

Tonight:
Mainly dry with clear periods although wintry showers will affect the north Highlands at times. A cold night with a widespread sharp frost and risk of ice. Minimum temperature -7 deg C (19 deg F).

Tuesday:
Wintry showers in north at first soon dying out. Then a dry, bright, cold day with plenty of crisp winter sunshine. Winds becoming light. Maximum temperature 6 deg C (43 deg F).

Outlook for Wednesday to Friday:
Dry, frosty start to Wednesday then rain preceded by snow on high ground extending eastwards later. Drier, brighter weather will follow on Thursday with rain returning on Friday.
